

AERO POINTS

October 2004

Once again, Aero will be clothed with the beauty of autumn leaves before they fall and begin the season of winter. Take the time to drive around Aero and enjoy the sight.

UPDATES:

Upper Dam – After a speed bump is put in place, the landscaping completed, and the final inspection meets with the specifications, the upper dam project will be completed. The Board would like to extend thanks to all of you who have been very patient and understanding during the course of this construction process.

Social – Judith Weston reported that the Fall Pig Pickin was a huge success and everyone enjoyed the barbecued pig as well as the visiting of friends and neighbors. A thank you is extended to all who helped with the planning especially Judith Weston, Debra Badalamenti, Melody Sheron, and chefs Alan Birch and Dwight Hunter.

The Halloween witches and goblins will make their annual trick or treat tour throughout the neighborhood this Sunday. The neighborhood has 80 plus kids of varying ages and at least half of them will participate this year. So be ready with your treats.

Maintenance – Irvin Brewbaker, chairman, reports that road/shoulder repairs will be started soon. The Board will discuss the areas of priority to be undertaken once the housing construction slows down. They will also discuss the contract requirements for Aero's common property maintenance and accept bids for the job.

There is a plan for the lettering of our road signs to be repainted and volunteers for this project would be appreciated. A notice will be sent giving the details.

Suspension bridge – Parents please caution your children to keep away from the bridge as the construction is still ongoing. It should be completed in a month or so.

NEW NEIGHBORS::

David and Katharine Arno, 915 Osprey Ct. (formerly Crockett's residence) and their children
Brian and Cheryl Kersnowski 963 Woods Loop (formerly Lee's residence) and their children
Michael and Victoria Prince and Jake (7 months), Lot #82, Baron Road (formerly Werner's lot). They plan to clear the lot and build soon.

GOLF CARTS – An incident occurred recently whereby two youngsters were riding in a golf cart on Aero's roads and the youngster on the passenger side fell out onto the road. Fortunately, he was not injured very badly. We want to caution parents to be mindful of your child's activity while operating the golf carts on our narrow streets.

ANNOUNCEMENTS:

The next Aero Plantation annual business meeting will be held February 13, 2005 at the Weddington Swim and Racquet Club, Weddington-Matthews Road. A follow-up letter of details will be sent in December.

Contact Peter Balletta (peter@aeroplantation.com) if you wish to have your e-mail address placed on the Aero Website. The Board will be utilizing this service from time to time to inform the residents of issues when the need arises.

Don and Linda Dowdle will have a new addition to their residence; they are clearing their lot for a pasture for Linda's horse.

Remember the speed limit in Aero is 25 mph and to be **extra careful** when traveling across our newly constructed road on the upper dam

HAPPY HOLIDAYS TO ALL
